Code of Conduct

At ALX, we want our community to provide a secure and inclusive environment for all participants, where they can learn and interact freely without experiencing any form of discrimination, harassment, or intellectual property violations.

In order to retain your access to the community platforms and city hubs, you must agree to the **Code of Conduct**, which applies to all online and in-person community activities, and to all one-on-one communications with staff and your peers.

In short, the Code of Conduct requires you to:

- Practice C.H.A.I.R. Values and Community Values to the best of your ability
- Refrain from:
 - Harassment
 - Discrimination
 - Plagiarism
 - Cheating
 - Any other hurtful or unethical behaviour
 - Privacy and Data Protection.

Please read through our official online and onsite guidelines below:

Online Community Guidelines (<https://drive.google.com/file/d/1sGU6ZnNmivGLMAzjAQ013ldYEMsedfusp/sharing>)

Optional: If you are still curious to learn more, here are the [ALX Portal Terms and Conditions](https://www.alxafrica.com/terms-conditions-portal/) (https://www.alxafrica.com/terms-conditions-portal/)

What does this look like in practice?

This translates into some very simple do's and don'ts! Let's see what they are.

Do's:	Don'ts:
<ul style="list-style-type: none">• Do communicate with your peers as often as you want• Do remind your peers to keep our community safe and supportive• Do share resources and offer help and feedback to those in need• Do reach out for help if you need it	<ul style="list-style-type: none">• Do not use discriminatory, violent, vulgar and/or dangerous speech• Do not harass or intimidate your peers• Do not post sexual comments• Do not approve of or promote unacceptable behaviour• Do not ask for money from the program and your peers• Do not spam or troll other members• (When in doubt about whether something is appropriate, just don't post it!)

Process of reporting violations

If you are subject to or witness a violation of the ALX Community's code of conduct on the community platform, please:

- Email us atalxfoundations@alx.app and make sure to include the following details:
 - Link to the channel where the incident took place
 - Screenshots of the offending material
 - **Visible name of the offender.** This is critical to prove offensive behaviour.

If you notice a violation, you can also reach out to message the involved parties privately and explain why what they said or did might be hurtful to someone. We are a family, so feel free to be proactive and reach out privately before reporting.
