Guideline Offenses

Most of the time, students conduct themselves ethically and within our Code of Conduct. But unfortunately, in some cases, we will need to take difficult decisions. Our system of offenses oversees disciplinary actions, including temporary suspension or expulsion from the program and fellowship. Hopefully, this won't apply to you, but we need to make sure everyone understands the consequences of violating our Code of Conduct.

We place violations of the Code of Conduct into 3 categories, as follows:

+ Misuse

+ Mild Offense

+ Severe Offense
